LANGARA
FINE ARTS

GRADUATION
EXHIBITION

On behalf of the Langara Fine Arts faculty and staff, I would like to celebrate the talent and vision of the students who are participating in the 2017 Exhibition and Catalogue.

Our fine arts program is such an intense period of hands-on discovery, of growing new capabilities and exploring new materials and processes. It takes enormous dedication, passion and curiosity to complete the journey, with many struggles and challenges along the way.

We are so delighted to celebrate the achievement of our students, and to recognize the support of friends and family. The connections made here and at home, along with the new skills you have developed, will carry you through a lifetime.

We wish you all the best as you continue your journey to new heights.

A handwritten signature in black ink that reads "Suzi". The letter "S" is large and stylized, with a long horizontal stroke that curves upwards. The "u" and "z" are smaller and more compact. The "i" has a distinct dot above it.

Suzi Webster, Fine Arts Department Chair

Fine Art Department

art + design + intensive + studio
+ hands-on + community

The Fine Arts Diploma Program at Langara College is an intense study of visual arts and design.

Our program emphasizes hands-on studio skills, with students gaining strong foundation skills in the following disciplines: drawing, design, painting, sculpture, printmaking, ceramics, digital design, public art. All of our courses are university transferable, and our alumni go on to respected universities including Emily Carr and Concordia among others.

We offer a two-year diploma which credits are transferable to a university degree program

SWAP

ly or attention span:

- Solvent methyl
glylate
- Stipend Vanuatu
- Sun-tail
- Card access
- Banker coach
- cheerleader
- Ajar
- Propylene glycol
