

E2011 - WITHDRAWAL FROM COURSES AND DEFERRED STANDING

PROCEDURES

1. The deadline to withdrawal from full semester courses is 2100 hours on the last Saturday of the eighth (8th) week of the semester. The deadline to withdraw from half-semester courses is 2100 hours on the last Saturday of the fourth (4th) week of the semester. The specific dates for each semester will be established by Registrar and Enrolment Services.

Withdrawal

2. A student who wishes to withdraw from a course for any reason before the withdrawal deadline must use the online registration system. A student wishing to withdraw from second half-semester courses will need to contact Registrar and Enrolment Services by the deadline.

Deferred Standing

3. The student will submit their application for deferred standing to Registrar and Enrolment Services no later than the day after the last day of the final exams for the semester in question. Applications received after this date will not be accepted.
4. Completion of all of the course requirements is the preferred method for assignment of a course grade. If a student presents appropriately documented extenuating circumstances, and meets the requirements in 3.8, the Registrar (or designate) will request that an instructor consider granting an extension for completion of course requirements.
5. The student will apply to Registrar and Enrolment Services for deferred standing by completing the appropriate form, available through Registrar and Enrolment Services. This form must be accompanied by:
 - a. Documentation from an appropriate listed professional explaining the extenuating circumstances which prevented the student from completing course requirements.
 - b. A letter from the student explaining how they meet the requirements for a deferral, why they were unable to complete course requirements, and why they think they can now meet the new deferral deadline.
6. Within ten (10) working days from receipt of the complete request package at Registrar and Enrolment Services, a decision will be provided to the student.
 - a. If the Registrar (or designate) determines that deferred standing may be appropriate, the request will be forwarded for further action to the instructor (or designated alternate), with a copy to the Department Chair.
 - b. If the instructor (or designated alternate) determines that the outstanding course requirements or equivalents can reasonably be completed by the last working day of the first month of the next semester, a deferred standing grade will be noted on the student record. The instructor (or designated alternate) will identify in writing to the student the required course work for completion, and determine the deadline date by which the course requirements must be completed, with a copy to Registrar and Enrolment Services.
 - c. The student will be required to complete the course requirements by the new deadline date set by the instructor (or designated alternate) and the instructor (or designated alternate) will submit the final grade to Registrar and Enrolment Services no later than the last working day of the first month of the next semester. This deadline may be extended, but only under

extenuating circumstances, and only with the explicit approval of both the instructor (or designated alternate) and the Registrar (or designate).

- d. If the student's application for deferred standing is denied, the Registrar (or designate) will inform the student in writing, providing reasons for the denial.

Late Withdrawal

7. All requests for late withdrawal must be accompanied by a letter from the student explaining the extenuating circumstances of why they missed the withdrawal deadline, and why they need to withdraw. The student must also submit documented evidence of the extenuating circumstances. No request for late withdrawal will be considered without authentic documentation.
8. If a student is requesting a partial withdrawal rather than complete withdrawal, the student must explain how the extenuating circumstances apply directly to the course(s) requested for withdrawal. Additional information must be included as to why the student can complete one or some courses, but not the course(s) requesting to be dropped.

Retroactive Withdrawal

9. All requests for retroactive withdrawals must be accompanied by a letter from the student explaining the extenuating circumstances of why they need to withdraw, and the extenuating circumstances of why they missed the late withdrawal deadline. Evidence must be submitted; No request for late withdrawal will be considered without appropriate documentation.

Appendix I: Appropriate Listed Professionals:

An appropriate listed professional is an Indigenous Elder, a physician, dentist, clinical psychologist, or nurse practitioner who is currently registered with their professional college as listed in the *Health Professions Act*; or an equivalent registered professional from elsewhere in Canada. If the student is residing outside of Canada, the appropriate professional must be registered with that country's regulatory body for their profession.

Appendix II:

Courses for which students cannot receive deferred standing include, but are not limited to:

ANTH	1221	Field Techniques in Archaeology
ANTH	1222	Methods in Archaeology: Laboratory Analysis
ANTH	1223	Methods in Archaeology: Geospatial Analysis
ANTH	1224	Ethnoarchaeology
