

NEW - Post Degree Diploma Program Students Available for Work Experience!

Students from these programs are available for 300 hour work placements in January and September. If there is a fit between your organization and the student, you can offer them continuous employment.

Direct Employer Benefits

- Determine fit by hiring a student at the end of their school program for 300 hours. If the fit exists, you can offer this individual continuous employment
- Extremely motivated, internationally educated employees that want to work hard
- No extra paperwork – No Employer hassle
 - These individuals have the required paperwork to legally work in Canada
- Added multicultural diversity to spark innovation in your team
- At the very least bi-lingual, and in many cases multi-lingual individuals

Other Benefits of hiring a Langara College Post Degree Diploma Student

- Already have a degree (Bachelor's, Master's, etc.)
- They have previous work experience
- They have just spent a year at Langara College taking career related courses:
 - Learned soft skills as well as hard skills
 - Learned about the Canadian work environment and employer expectations
- Students have Canadian work experience
 - Most students have worked 20 hours / week during the past year while in school
 - Many students have volunteered in their areas of job interest
 - All students have taken part in applied job-related career activities
