

PROFESSIONAL DOG WALKER DETAILS (PRACTICAL CLASS: LOCATION)

When you arrive, take your dogs out to pee, and then place them back inside your vehicles. We will meet without your dogs to start.

There is a tree covered area just inside the gates off of 16th (see image in this handout), where we will first meet to review the plan for the session and begin the meet and greet behaviour with the dogs, equipment, and basic handling, etc. (approx 1 hr).

We will then walk the trails in Pacific Spirit Park, and do a 1.5 - 2 hr walk. It may be rainy, but the trees provide some cover. Please be reminded this class will proceed rain or shine so dress in layers and bring warm clothes if the forecast looks like it is needed. Bring a backpack, a clip board, pen, and supplies for your dog ie. Treats, bags, etc.

IMPORTANT RE COVID: You are asked to wear a mask, and to bring a small supply of your own hand sanitizer, wipes and gloves.

We will walk back to 16th and Sasamat by noon to get your vehicles.

Please email me if you are running late.

Rebecca
