

PROFESSIONAL DOG WALKING L1

Langara.

THE COLLEGE OF HIGHER LEARNING.

CERTIFICATE PROGRAM

CONTACT INFO: 604.323.5926 | kramsdn@langara.ca | www.langara.ca/pets

REGISTER: 604.323.5322

Dog owners, care-givers, and those working in the pet industry, will find this program provides a level of education beyond the basic understanding of dog walking, and details the skills and ability needed to be both effective in this industry and successful as a conscientious pet owner.

Students will examine the various skills and knowledge needed to start/expand their career in the dog walking/caregiving field. Courses taught will provide the fundamental knowledge of canine behaviour; city bylaws affecting animal caregiving; business operations; practical field work; and dog first aid.

Reinforce your current learning, introduce new research and techniques to your skills, and broaden your perspective of the industry. Earn a certificate that provides the confidence dog owners seek. Graduates will be at an advantage when compared to others in the industry as they will have both theoretical and practical preparation taught by industry professionals.
