With GRADitude

During the past year, more than 200 Langarans have given back to our students and community. You were guest speakers, program review experts, advisory committee members, employers, volunteers, suppliers, donors, and mentors.

We are so grateful for your support and want to celebrate the impact that you had on the students and their academic journey. Over 60 alumni from the Faculty of Management have joined. **[Learn more about their stories.](#)**

Benefits of a Langaran

Being a Langaran has its benefits. From unique networking opportunities to special alumni events to our Affinity program, we are always looking to engage with our graduates and provide valuable resources beyond the classroom.

The Affinity program showcases local businesses, many of which are owned by Langarans and well-known companies, who offer exclusive discounts.

Experience beyond the classroom

Meet Marcela, Tai, Bryan, and Anthony. They are the winners of the Senior and Junior Accounting Case Competitions hosted by Langara last fall.

Students of the Accounting and Business programs, they had the opportunity to present their solutions to the case while practicing key career abilities such as analytical skills, creativity, presentation skills, and teamwork.

“Accounting students generally lack the opportunity to work in groups, and the great thing about the case competition is it challenges students to prepare for a real-world work environment,” says Marcela.

Business programs receive accreditation

The Faculty of Management is pleased to announce the receipt of initial accreditation for our degrees, diplomas, and post degree diplomas by the Accreditation Council for Business Schools and Programs.

A global business education accrediting body evaluated our programs and confirmed their educational experience and commitment to continuous improvement.
