

“The Recreation Leadership Diploma program fed my insatiable thirst for wanting to dig deeper into recreation and leisure studies, while the Bachelor in Recreation Management, comprised of equal parts business and recreation courses, furthered my career aspirations. “

Tara Nazemi
Community Arts Program Assistant III
Vancouver Board of Parks and Recreation
Graduate 2016 BRM and 2013 for Diploma

“The BRM program allowed me to receive an extremely well-rounded education while learning alongside other recreation professionals. I found it extremely engaging to hear stories, examples and points of view from my classmates. I was promoted to a management role one year after completing my degree and I would highly recommend the program to those seeking to complement their existing education or advance as leaders in the recreation field.”

Heather Nivison
Programs Manager
Vancouver Lawn Tennis & Badminton Club
Graduate 2014

“This program furthered my knowledge and skill-sets in recreation, through the flexibility of being in a mostly online classroom environment. In addition, I give praise to the instructors, who all have tons of experience in the field that they share with their students throughout this program - it truly is inspiring. Also, with the high level of competition for landing supervisory/management positions within the field nowadays, this degree will definitely help me rise above my competition.”

Matt Bains
Youth Worker
City of New Westminster Youth Services
Graduate 2014 (Diploma)
