

Caden Wong

Hey there, I'm Caden and I'm running for student representative for the education council. I'm currently starting my second year here at Langara and I am in my 4th semester in the program for Commerce & Business Studies. In my free time, I enjoy going on hikes, travelling and learning about history and geography!

As someone who finds the community and learning environment of Langara College very important, I think it is imperative to have someone that can communicate and advocate for students regarding the curriculum and that we all work with and the learning we all receive.

I have experience as a leader, as I was a manager at a polling location in the past Federal election, I also have a number of years of experience in customer service and I have previously volunteered with food banks and for school groups. With this level of experience, I believe I can effectively advocate for students and communicate to improve the educational offerings and learning environment here at Langara College. Vote for me and I will do my best to represent you and advocate for the best learning experience at Langara College for all.
