

Course-Based Research Application Form

Langara College Research Ethics Board

Complete this application for any course where, for pedagogical purposes only, students are required or permitted to conduct research involving humans as part of their course work.

Send the completed application and attachments, including the course syllabus, electronically to the chair of the Langara Research Ethics Board at ethics@langara.ca.

This application does not apply if students are required or permitted to assist their instructor's, or other's, research. In these circumstances, please complete the [Application for Ethics Approval for Research Involving Humans](#).

Send the completed application and attachments listed above to the chair of the Langara Research Ethics Board: ethics@langara.ca

Provide a brief description of the course:

Describe the types of research that students may conduct (Example: describe the anticipated range of observational and/or experimental research):

Describe how the ethical conduct of student research involving humans will be vetted and overseen:

Application Checklist

I CERTIFY THAT:

<input type="checkbox"/>	<p>I have completed the Tri-Council Policy Statement (TCPS) research ethics training – TCPS 2: CORE (Course on Research Ethics) on (enter date of completion):</p>
<input type="checkbox"/>	<p>Students conducting research will be required to complete the TCPS research ethics training TCPS 2: CORE (Course on Research Ethics) and/or receive equivalent training in research ethics. If the latter is provided instead of TCPS 2: CORE, describe the training that will be provided to students:</p>
<input type="checkbox"/>	<p>Student research involving humans will be limited to minimal risk research as defined by TCPS (2022): “...‘minimal risk’ research is defined as research in which the probability and magnitude of possible harms implied by participation in the research are no greater than those encountered by participants in those aspects of their everyday life that related to the research.” (p. 25)</p>
<input type="checkbox"/>	<p>The safety of the student researchers will be carefully considered.</p>
<input type="checkbox"/>	<p>I will inform the chair of the Langara Research Ethics Board if:</p> <ol style="list-style-type: none"> a. there are changes to: <ul style="list-style-type: none"> • the nature of the research that students may undertake, • the training in research ethics that student researchers receive, and/or • the plans for vetting or overseeing the student researchers. b. any ethical incidents or problems arise during the conduct of student research, and/or c. advice would be helpful regarding whether a student’s project is minimal risk or on any other matter related to the ethical conduct of student research.

<input type="checkbox"/>	<p>I have attached the course syllabus, and any templates or guidance notes I will be distributing to students to assist them to manage the ethical conduct of their research (example: consent template(s); deception debriefing guidance notes; confidentiality guidelines; etc.).</p> <p>List the attachments:</p> <ol style="list-style-type: none"> 1. 2. 3. 4. 5.
<input type="checkbox"/>	<p>Student research involving humans will not commence before this application is approved and designated as a “Research Ethics Approved Course.”</p>
