

Schedule of Activities

Check In (4:00PM to 8:00PM)

Check in any time between 4:00PM to 8:00PM at one of the orange Langara tents across campus. All attendees will receive 1 swag bag with the following items:

- Swag Bag Contents
 - 1 Langara Viewbook
 - 1 Langara Notebook
 - 1 Langara pen
 - 1 Langara sticker page
 - 1 BINGO card for entry into the tuition contest
 - 1 surprise Langara swag item

Food Truck Fest (4:00PM to 8:00PM)

Enjoy a delicious treat on us! Four amazing food trucks will be on-site, each offering a free item – one per person. Come hungry, choose a vendor, and grab a free bite before they're gone!

- **Beavertails:** Free beavertail
- **Crackin Bacon:** Free grilled cheese
- **Mamacita:** Free protein bowl or taco plate
- **Crispy Falafel:** Free medium shawarma chicken wrap

BINGO Tuition Prize Giveaway (4:00PM to 8:00PM)

Visit one of our orange Langara tents to pick up your BINGO card for a chance to win one of ten \$1,000 tuition prizes. To complete your card, participate in various activities and have a staff member or volunteer sign your card as confirmation. Once completed, drop your BINGO card into any prize entry box at an orange Langara tent to enter the draw.

Information Fairs (4:00PM – 8:00PM)

Explore Langara's academic programs and student support services at our interactive information fairs. Faculty members, student services representatives, and program coordinators will be available to answer your questions.

Information Fair: Student Services

Location: Langara Student Union Building (L Building)

Langara has services to support you every step of the way. Join the Student Services expo to learn about how we are here to help.

- Student Life
- Co-op and Career Development Centre
- Counselling
- Financial Aid
- Indigenous Education and Services
- Langara Student Union
- Library Services
- Athletics
- International Student Services
- Registrar's Office
- Admissions
- Homestay

Information Fair: Humanities, Community, Social Sciences, Continuing Studies programs

Location: A Building, Foyer

Explore programs in humanities, social sciences, community and continuing studies. Faculty members will be available to discuss program offerings, career pathways, and student experiences.

- English
- Interdisciplinary Studies
- Philosophy
- Classical Studies
- Modern Languages
- Criminal Justice and Criminology
- Education Assistant
- Gerontology
- Social Service Worker
- Recreation Studies
- Asian Studies
- History and Latin
- Political Science
- Journalism
- Sociology and Anthropology
- Diploma in Applied Social Sciences and Humanities
- Summer Camps
- Supply Chain and Logistics
- Business Management Skills
- Dental Reception
- Health Safety & Environmental Compliance
- Digital Music Production
- 2D and 3D Animation

Information Fair: Applied Sciences, Mathematics and Sciences, Nursing, Management Programs

Location: T Building, 2nd Floor, Gallery

Explore programs in sciences, technology, and business. Faculty members will be available to discuss hands-on learning opportunities, career paths, and research projects.

- Geography and Geology
- Web and Mobile App Development
- Kinesiology
- Engineering Transfer
- Bioinformatics
- Computer Science
- Biology
- Chemistry
- Mathematics and Statistics
- Data Analytics
- Physics and Astronomy
- Nursing
- Business Management
- Financial Management
- Marketing Management
- Nutrition and Food Service Management
- Applied Research Centre
- Makerspace

Creative Arts Show and Information Fair (4:00PM to 8:00PM)

Location: T Building, Main Foyer

Welcome to creativity! This hybrid art exhibition and information fair features works from Professional Photography, Design Formation, Film Arts, Theatre Arts, and Fine Arts. Meet faculty, explore student projects, and get inspired by the creativity that defines our programs.

- Design Formation
- Film Arts
- Fine Arts
- Photography
- Theatre Arts (Studio 58)

Campus Tours (4:00PM to 8:00PM)

Join a 30-minute guided campus tour led by our Langara Global Student Ambassadors to explore key facilities, academic spaces and student hubs.

Campus Tours

- Health Services

Presentations and Panel Discussions

Gain insights from faculty, staff and current students! Join us in Lecture Hall T-001 for presentations and panel discussions covering everything you need to know about Langara.

Dean's Welcome

Time: 4:30PM to 5:00PM

Location: T Building, Lower Level, Lecture Hall T-001

Hear from Langara's academic leadership about what makes our institution unique.

Presentation: Get to Know Langara

Time: 5:00PM to 5:30PM

Location: T Building, Lower Level, Lecture Hall T-001

Learn about Langara's programs, student experiences, and how to get started on your academic journey.

Student Experience Panel 1

Location: T Building, Lower Level, Lecture Hall T-001

Time: 6:00PM to 6:40PM

Current students and alumni share their experiences, advice and insights about life at Langara.

Student Experience Panel 2

Location: T Building, Lower Level, Lecture Hall T-001

Time: 7:00PM to 7:40PM

Current students and alumni share their experiences, advice and insights about life at Langara.

Continuing Studies Experiences

Music Production in 30-minutes!

Ever wondered how a song comes to life? In this hands-on demo, watch (and help!) create a track from scratch in just 30-minutes. Explore beats, melodies, and mixing techniques using digital production tools.

Music Production in 30!	A Building, Foyer Meet at the Digital Music Production Booth	4:00PM to 4:45PM
Music Production in 30!	A Building, Foyer Meet at the Digital Music Production Booth	5:00PM to 5:45PM
Music Production in 30!	A Building, Foyer Meet at the Digital Music Production Booth	6:00PM to 6:45PM
Music Production in 30!	A Building, Foyer Meet at the Digital Music Production Booth	7:00PM to 7:45PM

Relax and Learn: Free Chair Massages and RMT Open House

Take a break and unwind with a free chair massage while learning about Registered Massage Therapy (RMT) program! Meet instructors, explore the techniques behind therapeutic massage, and discover career opportunities!

RMT Open House	A Building, 3 rd Floor – Room A371	Drop In: 5:00PM to 8:00PM
----------------	---	------------------------------

Explore Sewing!

Come learn about sewing projects you can complete in under 30 minutes! Learn about small projects you can do to use up your fabric scraps.

Explore Sewing	A Building, 2 nd Floor – Room A256	4:00PM to 4:45PM
Explore Sewing	A Building, 2 nd Floor – Room A256	5:00PM to 5:45PM
Explore Sewing	A Building, 2 nd Floor – Room A256	6:00PM to 6:45PM
Explore Sewing	A Building, 2 nd Floor – Room A256	7:00PM to 7:45PM

Creative Experiences

Behind the Lens: Photography Studio Tour

Step into the world of professional photography with a guided studio tour! Explore lighting setups, camera gear, and creative techniques used by photographers.

Photography Tour	A Building, 2 nd Floor – Room A277	4:30PM to 5:00PM
Photography Tour	A Building, 2 nd Floor – Room A277	5:30PM to 6:00PM
Photography Tour	A Building, 2 nd Floor – Room A277	6:30PM to 7:00PM

Behind the Curtain: Studio 58 Tour

Step into the spotlight with a behind the scenes tour of our Studio 58 theatre and sets. Explore the stage, prop areas, and technical production spaces. Learn about how performances come to life with our Theatre Arts programs.

Studio 58 Tour	A Building, Lower Level Meet at the Studio 58 Box Office	4:30PM to 5:00PM
Studio 58 Tour	A Building, Lower Level Meet at the Studio 58 Box Office	5:30PM to 6:00PM

Fine Arts Studio Tour: Where Creativity Comes to Life

Explore the creative heart of our Fine Arts program with a tour of the studios where students bring their artistic visions to life through painting, sculpture, printmaking, and more. See works in progress, meet faculty and students, and discover how our studio spaces inspire artistic expression and innovation.

Fine Arts Studio Tour	A Building, Lower Level – Room A046	4:30PM to 5:30PM
-----------------------	-------------------------------------	------------------

On Air: Journalism and Broadcasting Studio Tour

Ever wondered what it's like to be on air? Get an inside look at our broadcasting studios, where news comes to life. Learn about reporting, video production, and live broadcasting. Step In front of the camera or behind the scenes to learn about the world of media and storytelling!

Broadcast Studio Tour	A Building, 2 nd Floor – Room A228	4:30PM to 5:00PM

Science Experiences

Bioinformatics Lab Tour: Where Data Meets Discovery

If Biology and Computer Science had a baby, it would be bioinformatics! Step into the world of bioinformatics and see how data drives scientific breakthroughs. See the lab where this cutting-edge research happens and get to know the computational tools, and real-world applications in genetics, medicine, and biotechnology.

Bioinformatics Tour	T Building, 2 nd Floor – Room T450	5:00PM to 5:30PM
Bioinformatics Tour	T Building, 2 nd Floor – Room T450	6:00PM to 6:30PM

Kinesiology – Muscle Physiology and Sport Performance

Join us in the Kinesiology Lab for an interactive analysis of human exercise physiology. In this hands-on session, you will use modern scientific equipment to investigate the electrical signals that control muscle action.

Kinesiology Lab	T Building, 5 th Floor – Room T515	5:00PM to 5:30PM
Kinesiology Lab	T Building, 5 th Floor – Room T515	6:00PM to 6:30PM
Kinesiology Lab	T Building, 5 th Floor – Room T515	7:00PM to 7:30PM

Nursing Simulation Centre Tour

Step into our state-of-the-art Nursing Simulation Centre, where students train in a realistic healthcare environment. Explore high-tech patient simulators, hands-on learning spaces, and interactive medical scenarios that prepare future nurses for real-world challenges. See how simulation-based training enhances skills, confidence, and patient care.

Nursing Tour	T Building, 3 rd Floor – Room T334	4:30PM to 5:00PM
Nursing Tour	T Building, 3 rd Floor – Room T334	5:30PM to 6:00PM
Nursing Tour	T Building, 3 rd Floor – Room T334	6:30PM to 7:00PM

Rooftop Astronomy

Join us on the roof for a hands-on astronomy experience. Explore the Sun and Moon through our telescopes, learn how different telescopes work and how images are digitally recorded. Our astronomy team will guide you through the wonders of the universe. *Please note that this activity is weather dependent and may be modified, postponed, or cancelled in the event of poor weather conditions.*

Rooftop Astronomy	T Building, 2 nd Floor Gallery Meet at Physics and Astronomy Booth	5:00PM to 5:30PM
Rooftop Astronomy	T Building, 2 nd Floor Gallery Meet at Physics and Astronomy Booth	5:30PM to 6:00PM
Rooftop Astronomy	T Building, 2 nd Floor Gallery Meet at Physics and Astronomy Booth	6:00PM to 6:30PM
Rooftop Astronomy	T Building, 2 nd Floor Gallery Meet at Physics and Astronomy Booth	6:30PM to 7:00PM

Makerspace Open House: Create, Innovate and Explore!

Drop into the Makerspace and explore 3D printing, laser cutting, woodworking, and more in this hands-on innovation hub. Meet makers, see live demos, and discover how you can bring your ideas to life.

Makerspace Open House	A Building, 2 nd Floor – Room A268	Drop In: 4:00PM to 8:00PM
-----------------------	---	------------------------------

Humanities, Community, and Social Sciences Experiences

Making a Difference: Social Service Worker Info Sessions

Passionate about helping others? Learn how a career in social services can create meaningful change in communities. This session will explore the Social Service Worker program, career pathways, and skills needed to support individuals and families in need.

Social Service Worker Info Session	B Building, Lower Level – B008	5:30PM to 6:00PM
------------------------------------	--------------------------------	------------------

Crash Course – Become a Polyglot

Join us for a crash course on fun greetings and expressions in four languages: Chinese, French, Japanese, and Spanish. By the end of the session in the Modern Languages Languages' Laboratory, you will be able to greet people in these four languages, certainly impressing your friends!

Crash Course – Become a Polyglot	A Building, 3 rd Floor – Room A340 (Language Lab)	5:30PM to 6:30PM
----------------------------------	--	------------------

Creative Writing Powers

Join creative writing instructors, Thor Polukoshko and Jill Goldberg, as we lead you through a series of lightning-fast writing prompts designed to tap into your creative powers and draw your attention to the power of the written word.
