

SAMPLE COURSE OUTLINE

Creation date: November 23, 2020

Revision date:

Course Code, Number, and Title:

NURS 3362: Nursing Knowledge VII: Nursing Care of Adult/Older Adult Community Clients

Course Format:

[Course format may vary by instructor. The typical course format would be:]

Lecture 4.0 h + Seminar 0.0 h + Lab. 0.0 h

Credits: 3.0

Transfer Credit: For information, visit bctransferguide.ca

Course Description, Prerequisites, Corequisites:

Students examine concepts related to common alterations in health and the essential nursing care of clients, families, groups, and populations within community settings. Assessment, reflective practice, nursing skills, and relational practice are explored within the context of community care for clients, groups, and the inter-professional team. Students apply principles of chronic disease management, senior's care, and palliative care to diverse populations.

Registration in this course is restricted to students admitted to the Bachelor of Science in Nursing.

Students will receive credit for only one of NURS 3330 or 3362.

Prerequisite(s): A minimum "C+" grade in all of the following: NURS 3209, 3261, 3262, and PHIL 1105; and an "S" grade in NURS 3264 and 3265.

Corequisite(s): NURS 3309, 3321, and 3363.

Learning Outcomes:

Upon successful completion of this course, students will be able to.....

- Analyze current trends related to the care of older adults in community settings
- Apply principles and skills related to palliative care, such as, assessment, symptom management, and relational practice with clients and families
- Apply appropriate principles and resources for chronic disease management
- Apply principles of interprofessional practice related to caring for clients and families in community care settings
- Discuss the role that spirituality plays at the End of Life within the community setting
- Explain policies and practices in relation to MAiD

"This generic outline is for planning purposes only".

- Discuss legal and ethical nursing practices and implications at the end of life
- Examine self-reflective practice and psychosocial needs of clients at the end of life.
